Reviews

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

MORE ATTENTION, LESS DEFICIT: SUCCESS STRATEGIES FOR ADULTS WITH ADHD

DOWNLOAD

Specialty Press, Incorporated, U.S. Paperback. Book Condition: new. BRAND NEW, More Attention, Less Deficit: Success Strategies for Adults with ADHD, Ari Tuckman, The only book on Attention Deficit Hyperactivity (ADHD) written in a structure that caters to ADHD sufferers' tendency to jump around, this essential guidebook begins with a detailed diagnosis of ADHD, reviews the history of the disorder and its symptoms, and provides clear, evidence-based treatments. Revealing medications for controlling symptoms and exploring psychosocial skills that can help adults with ADHD better manage and organise their lives, the resource provides an extensive collection of practical strategies to overcome common struggles in the areas of self-esteem, work, relationships, friendships, parenting, and everyday life. A thorough explanation of both standard treatment options - including medication, therapy, and coaching - and alternative treatments helps guide adults with ADHD to the right health care providers and emphasises why it is so important to ensure that their health care professionals are familiar with the disorder. Brief, ADHD-friendly articles can stand alone or be read in sequence, and those who choose to read it out of order will appreciate the unique physical format's perforated page corners that can be torn off to indicate an article was read.
