The Motorman and His Duties: A Handbook of Theory and Practice of Electric Railway Car Operation (Classic Reprint) (Paperback)

By Ludwig Gutmann

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Motorman and His Duties: A Handbook of Theory and Practice of Electric Railway Car Operation The purpose of this work is to so familiarize the reader with the operation of an electric car, that the practical duties of a motorman may be the more easily and quickly learned. At the same time it will be found to explain, in simple language devoid of mathematics and technicalities, many points not generally understood by the average motorman, and a knowledge of which cannot; fail to make his services more valuable to his company and satisfactory to himself; and also to better fit him for promotion. The motorman who understands his business is able to operate the cars that are put in his charge with much less danger of accident, and with less power and less wear on the equipment, than a man who simply knows how to get his car over the road on time. This book is not only intended to explain the electrical part of an electric motor car, but to give some general...

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- Jada Franecki II

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).
