Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Two Worlds of Attraction This book deals in a new and vital manner with the conditions of personal life after bodily death. The subject is treated with a dignity, a profound reverence and withal a deep understanding which place it in a class quite by itself. Specific answers are given to questions that have been a cause of doubt and concern to all real thinkers, and the laws governing the after life are shown to be as definite and as natural as the laws we find operating in the realm of the physical life. The entire subject of the continuity of life is treated with an impressiveness that carries with it deep conviction. Coming at this crisis in our national life, it could not have been more timely in its reassurances to man of the invincible power of courage, faith and absolute fidelity to the higher purposes. It is not too much to say, that The Two Worlds of Attraction will contribute greatly to a far more joyous conception of the land beyond the veil, than humanity, as a whole, has yet been able to accept. Of the approach to the transcription of the material the author says: In November, 1919, I began receiving automatic writing from my mother whom I had never known, as she died when I was less than a year old.
