Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

(Audrey Lowe I)

DEFENSE ACQUISITIONS: COMANCHE PROGRAM COST, SCHEDULE, AND PERFORMANCE STATUS: NSIAD-99-146

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 28 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO reviewed the Armys Comanche Helicopter Program, focusing on: (1) the risks in the Armys restructured plans for developing and testing the Comanche; (2) the changes in the Comanches performance capabilities and requirements; (3) cost estimates for development; and (4) the Comanches impact on the Armys overall aviation modernization efforts. GAO noted that: (1) the Comanches restructured program contains significant risks of cost overruns, schedule delays, and degraded performance because it would: (a) begin the engineering and manufacturing development phase before some key mission equipment technologies have matured and have been integrated into the flight-test aircraft; (b) compress the flight-test schedule, increasing the amount of concurrent developmental and operational testing; and (c) begin production before initial operational testing starts, resulting in concurrency between development testing and initial production; (2) the program is proceeding to the next development phase with high levels of uncertainty; (3) successful commercial firms generally do not proceed into product development and production with such high levels of uncertainty; (4) the Army is proposing changes to the aircraft that would adversely impact some of the Comanches planned performance capabilities; (5) while their exact impact is unknown, these changes will increase the risk that the Comanches planned performance goals will not be achieved; (6) the Army acknowledges that it will not achieve its goal of executing the Comanches restructured development program within its funding estimate of about 4.4 billion for fiscal years 1999 through 2006; (7) an analysis by the Department of Defenses Cost Analysis Improvement Group in November 1998 found that total program costs would be about 150 million (3.4 percent) higher than the Armys estimate; (8) the Group also believes...
