(Laurence Littell)

PYTHON FIRST: THE JOY OF SUCCESS (PAPERBACK)

Llumina Press, United States, 2007. Paperback. Book Condition: New. 230 x 190 mm. Language: English . Brand New Book. Sure, it s one thing to use Windows. But understanding the guts of computing-the source code-gives you a higher level of control. In an age when all the world runs on computers, few fields are as important and useful as programming, and few languages are as interactive and easy to learn as Python. Designed to make computer science in general, and programming in particular, more accessible and exciting to learners, this introduction to computing is ideal for those with little prior experience. A paper companion to the Python First digital pack from , the complete digital pack featuring detailed e-texts, a wealth of detailed self-guided labs that learners can complete on their own, sample programs, extensive quizzes, and slides, this workbook offers a printed version of all e-texts and self-guided labs from the Python First digital pack. All e-texts and labs are published in the same format as they appear in the digital pack. Are you a learner who wishes - or needs - to pursue a Python First course of study? If you are and if you enjoy traditional books, then this Python First printed companion is for you. To learn more of Python First, please visit the Study Pack site at //. About the Author: Atanas Radenski is a professor of computer science at Chapman University in Orange, California. His current professional interests are programming languages, object-oriented programming, and computer science education. Atanas previous research has been focused on parallel and distributed computing, functional and logic programming, data bases, and theory. His scholarship has been supported with research grants from the National Science Foundation, theNational Aeronautics and Space Administration, and other agencies. Throughout his career, Atanas has taught and...
