

The major policy influences on child and family services in Germany and Ireland. Comparison and contrast

By Nicole Bork

GRIN Verlag Jun 2014, 2014. Taschenbuch. Book Condition: Neu. 210x148x3 mm. This item is printed on demand - Print on Demand Neuware - Document from the year 2007 in the subject Social Pedagogy / Social Work, grade: keine, , 28 entries in the bibliography, language: English, abstract: Over the years the image of the family changed a lot due to political, historical, socio-economic, cultural, religious, demographic, social and many other influences and circumstances. It is not possible to talk about the family anymore or give an explicit universal definition, as various family forms exist in our modern society nowadays. A common term used to describe this state is Plurality of Family forms , meaning that family not only consists of married couples with children but also relatives, non-marital partnerships with or without children including same sex couples, marriages without children, lone parents and many more. The Family can be understood as a dynamic social system.¹ In order to draw a clear picture of how Social Work in child and family services works today and what it is influenced by, it is necessary to start from the very beginning. The first part shortly reflects on what is meant by the terms...
